**Re: Sauget Sites Area I - January 21, 1999 Administrative Order by Consent (AOC)**

Dear Nabil:

This letter confirms the US EPA and Illinois EPA hazardous waste activity numbers that we will plan to use, if needed, for any Investigation Derived Wastes (IDW) generated during the Area 1 DNAPL Study. Note that we do not know that these wastes will in fact be hazardous, but we are notifying you as a contingency.

U.S. EPA Site ID : ILD980792006

Illinois EPA Site ID: L1630200005

The above numbers are the same numbers that were used by Solutia for the previous Sauget Area 1 work in beginning in 1999. Also the IDW will be handled and stored on the Solutia property at Judith Lane, in the same location as the previous work.

If you have any questions on the above, please advise.

Sincerely,

A handwritten signature in black ink, appearing to read "Steven D. Smith".

Steven D. Smith  
Project Coordinator
